

# About Us

Company's Comin' is a family owned business created in 1992 by Hal & Gladys Mossberger and Shannon & Michael O'Connor.

We make soup, dip, cheeseball and casserole mixes. We also make sauce mixes, steak seasonings and many more items. All of our mixes are our own recipes created in our home kitchen, and are taste tested by our friends and family. All of our mixes are put together in our store in Hearne, Texas, and each ingredient in our mixes is hand-spooned into each and every mix that we sell. We don't even use electric staplers.

You can purchase our products at craft or gift shows around the United States or on our website.

To place an order by mail:

Write name, address & telephone number on an 8 1/2 x 11 sheet of paper. Write items that you want to order. Write credit card number or enclose check & mail to address on the front of the brochure. Add \$7.95 for shipping.
